

Crustal Dynamics 2016 Special Lectures at University of Toyama

Lecturer : Yves Guéguen (Ecole Normale Supérieure, Paris)

Venue: Room C205, Faculty of Science, University of Toyama

Special Lectures

July 28th, 2016 from 10:30am to 12:00pm

Title: Percolation through fractured media

July 29th, 2016 from 10:30am to 12:00pm

Title: Elastic wave velocity and permeability

Seminar

August 1st, 2016 from 10:30am to 12:00pm

Title: Dispersion-attenuation of elastic wave due to pores-cracks-fluid
